WHAT IS THE ROLE OF A RECRUITMENT CONSULTANT?

You will be what we call a 360° consultant, which means you'll be managing the entire **end to end recruitment process**

That includes **business development**, building relationships and **winning business** with senior executives at the top GreenTech firms

You will also be responsible for **finding candidates** for those organisations and building relationships with them

Managing your own day to ensure that you are successfully creating your own pipeline and **achieving weekly and monthly targets**

Come and build something special

WHAT MAKES US DIFFERENT?

A **track record** of success

Led by a leadership team with a track record of running a hyper-growth business

Record breaking investment

We've secured over £3m in investment and this is just the beginning

Best-in-class tech stack

Which will help you be successful as quickly as possible

"The Storm4 team have, throughout an unprecedented period, demonstrated that they can not only maintain sales, but also grow headcount significantly. GreenTech is a growing sector, which only gained momentum in 2020 and coupled with the talent of the team, we are confident it's the right time to accelerate the growth of the business."
